THE HAMBURG APPLE MARKET

Boxed Winesaps and Arkansas Blacks made around one mark, or 24 cents, more at the auction Thursday, April 21, than last week, according to a cable from Fred A. Motz, Fruit Specialist in Europe for the Foreign Service of the Department of Agriculture. There was a strong demand for red apples. Oregon Newtowns sold at slightly lower prices than last week. Supplies of boxed apples amounted to 34,000 boxes against 90,000 boxes and 767 barrels last week. Stocks of Winesaps were liberal and those of Blacks and Newtowns moderate. The condition of the fruit was good with the exception of some Winesaps which were in variable condition. These sold at from 17 cents to 29 cents below the market.
